

JAMES GRIFFIN MP
MEMBER FOR MANLY

Dear Resident,

Welcome to the winter edition of my community newsletter. As you will see there have been some great local wins and work continues on a variety of projects across the electorate.

From Manly to Balgowlah to Dee Why, our electorate is home to a dynamic and engaged community. I work hard to make sure your voice is not only heard in the NSW Parliament but is helping to shape the direction of our state.

Several important local issues have been raised with me over the last few months. They include:

- **E-bikes and safety:** With the growing popularity of e-bikes across our area, especially among young people, there is an urgent need for stronger, common-sense regulation to ensure safety for riders and pedestrians alike. Scan the QR code below to provide your views.
- **Planning Reforms:** The State Government's new planning changes will have far-reaching impacts on communities like ours. Inside the newsletter I break down what these reforms mean in our area.
- **Public transport and local roads:** I am calling on the NSW State Government to expedite the planning and funding of a future-focused infrastructure and public transport plan. We deserve a better local bus service and a comprehensive public transport plan to meet current and future population growth.

These issues, like many others, are not only a challenge in our community but across New South Wales. They require a government with ambition, and a commitment to delivering outcomes. As your State Liberal MP, I will keep championing smarter policy development and forward-looking leadership that prioritises long-term solutions instead of short-term fixes. We deserve a future that reflects the best of our state.

If you would like to sign up for my monthly e-newsletter, please visit my website www.jamesgriffinmp.com for further information.

Thank you for the trust you've placed in me. I will continue to work as hard as I can to ensure our community is the best place to live, work and raise a family.

Yours sincerely,

James Griffin MP
Liberal Member for Manly

Shadow Minister for Environment
Shadow Minister for Energy and Climate Change
Shadow Minister for Digital Government and Customer Service.
